

2008 - 2018

Early 2008 brought more changes to North Holland, it was decided to get new carpet for the upstairs. With the carpet change it was also decided to paint the entire church, add new classrooms to the basement, add a coffee shop, change the stage, update the sound system, and add a welcome center. North Holland raised over \$40,000 for this project.

2009 Started off with a bang as well. The Nursery was redone in April, which included moving a wall and new carpet and paint.
